I called him and answer his questions. He is no longer upset. I told him about the state Open House, he would be there and I would be there. He appreciated EPA calling him back.

Good Morning Donn,

I believe this is probably the Wilcox site. Bill Little is the assigned CIC for Wilcox, but he is part-time and off on Fridays. As the Public Liaison, can you double check with Bart (and I show Hayes as the OSC) to see what letter may have been sent to the community regarding "clean up". You may want to just call him first to clarify what the issue is.

Thank you Donn.

I received a call from (b) (6) yesterday. He was upset that EPA was not going to clean up his property. He referenced a letter that some neighbors had received but he had not. Can you follow up with him? Thanks

Chris Ruhl
